## Sudden Cardiac Arrest (SCA) knows NO Boundaries

In Australia, approximately 30,000 people each year sustain SCA out-of-hospital and are treated by emergency medical services (EMS).

**That's 575 Australians suffering SCA every week... and ONLY 1 out of 10 WILL SURVIVE!**

### The Facts

- ♥ On average, only 10% of SCA victims in Australia survive
- ♥ It can happen **anytime, anywhere and to anyone...** even fit, young athletes
- ♥ **Early defibrillation is the single most effective treatment for SCA**
- ♥ **Defibrillation within three minutes of collapse can increase the chance of survival to over 70%**
